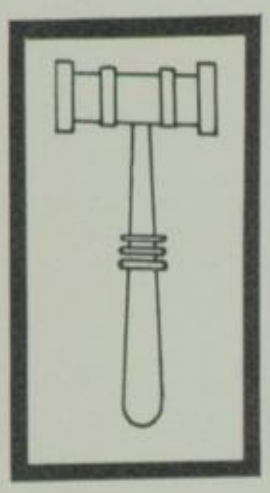
The KEY



ALMA MATER

Keystone High, our Alma Mater,
Fount of wisdom, truth, and light,
Thee, we love, on thee rely,
For thy guidance always right.
We sing out thy fame and honor,
We recall thy ideals true,
As we strive with hope anew.

We salute thee, Keystone High School,
Praise to thee we loud proclaim,
As we strive to bring thee glory,
Paying tribute to thy name.
Memories pleasant, classmates loyal,
All our treasures we hold dear,
As we face each future year.

FOREWORD

Yesterdays.
A hundred of them filled with
the joy and wonder that
a thousand tomorrows may never bring.
Hurrying footsteps. Cheerful fellowship.
The presence of learning.
The events of yesterday take
their final form between these pages.
Such a little thing to hold the
accomplishments of youth.
Such an important thing to hold the
KEY to our memories.

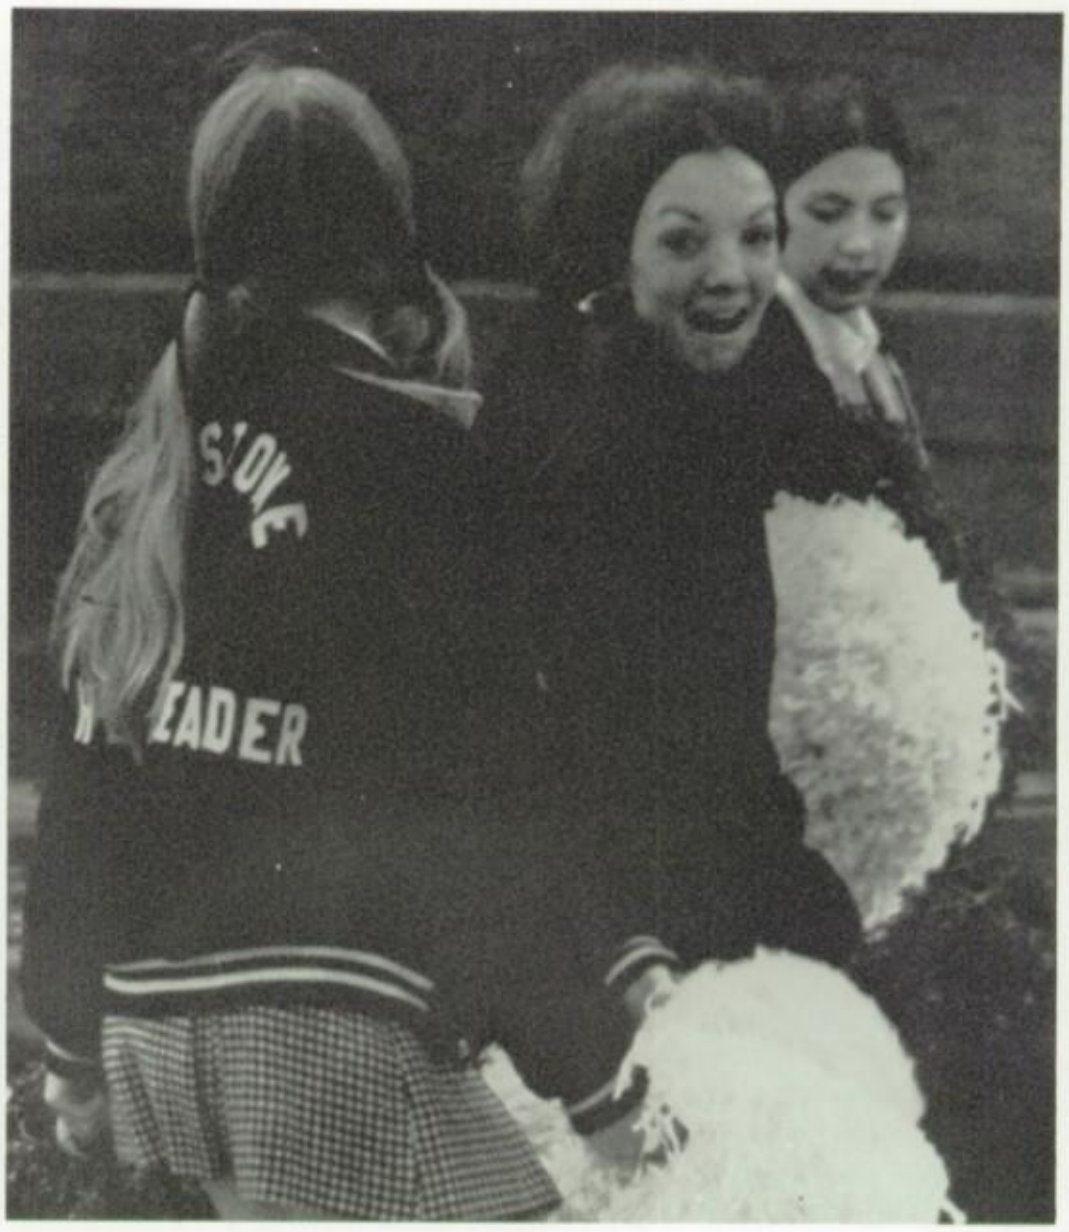
We Have The

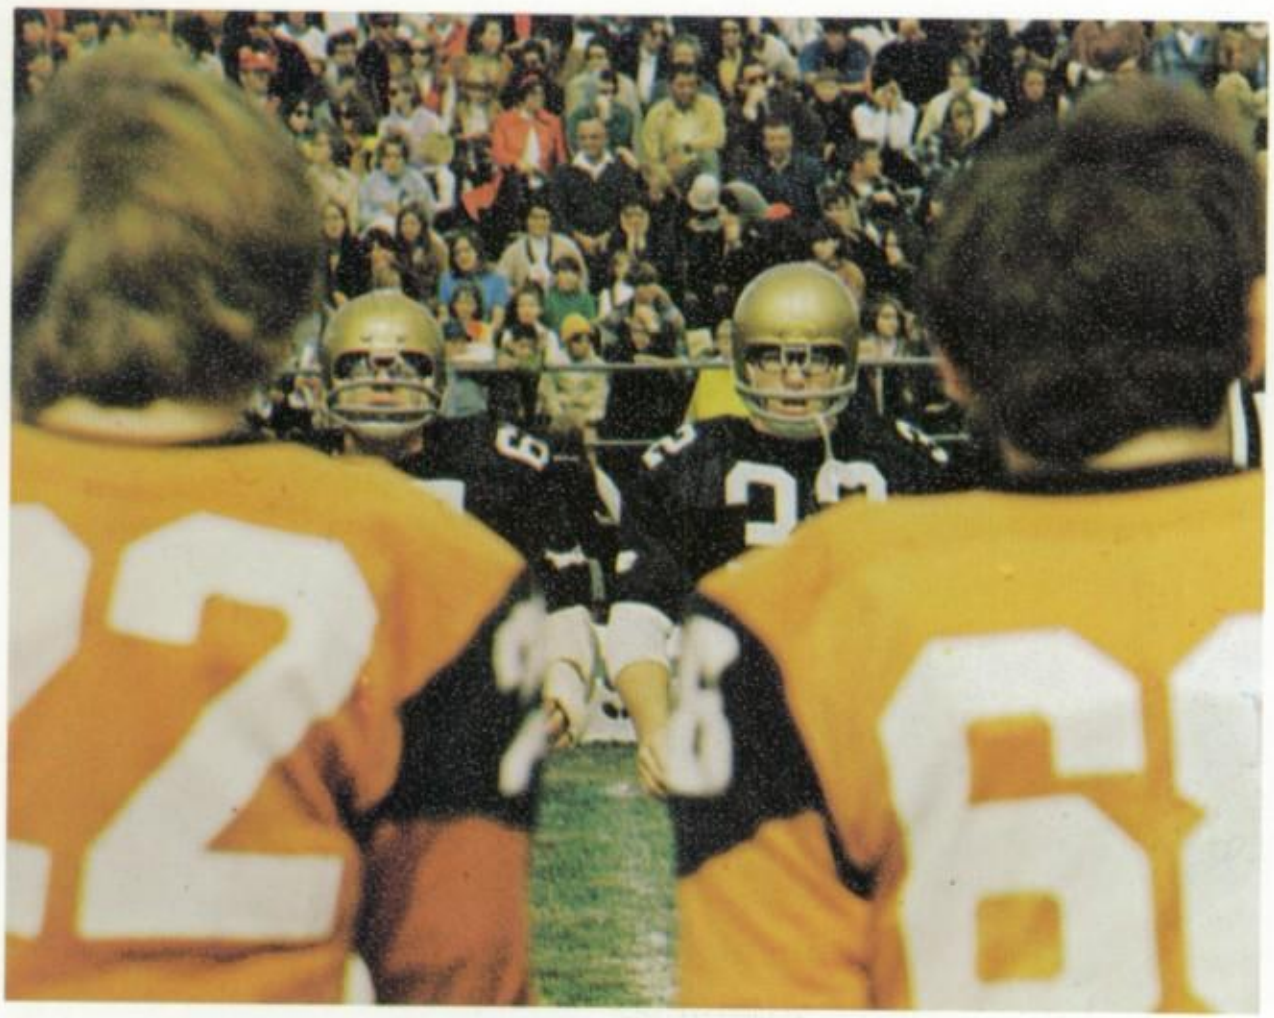


Spirit It Takes To Win

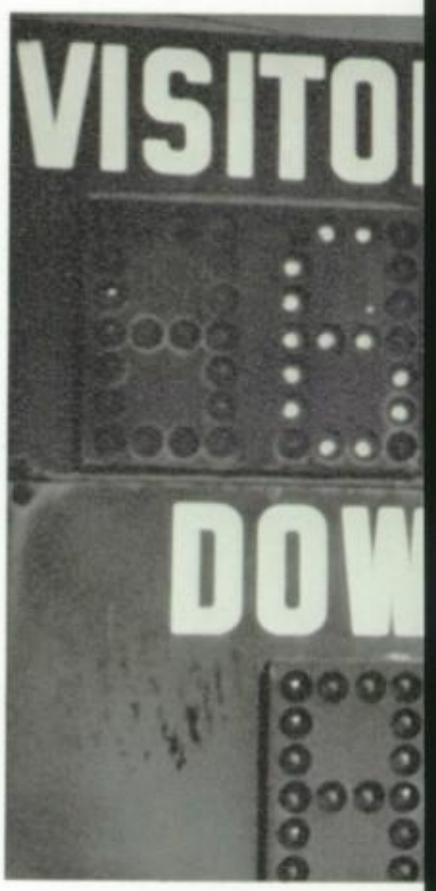
The events of Pep Week at Keystone started their final climb to happiness with the Homecoming Parade in Knox. The Keystone High School Marching Band, under the direction of Mr. Ronald E. Allaman and led by the high-stepping majorettes, started its exhilarating procession of musicianship and beauty. The beaming candidates, who were nominated for Homecoming Queen, followed the band in open convertibles. Following the court came the cheerleaders with rousing cheers, as they led the Panther fans to the game.

The band displayed "Panther Spirit" as they presented the Homecoming halftime show. The majorettes marched proudly to the "Keystone Pep Song" as the band formed a large "K" on the football field. The band dedicated the song "Goin' Out Of My Head" to the Homecoming Court, while performing an original dance routine. A crown was formed by the band in honor of the future queen. As the band played on, the five candidates for Homecoming Queen were accompanied by their escorts to the front-center of the spectator section, where they were recognized. The band then played the school's Alma Mater as the crowd sang along. These happy events were just one small part of "the big weekend".

A Big



A friendly but determined handshake from Roger and Jim guaranteed an excitement-packed game.



Jerry goes up and up to keep the Bulldogs down and down.

Victory Is Beautiful

The evidence is here. We ARE number one!

Panther Power Works!!!

Touchdown . . . . . the order of the day.

The Final Touch To

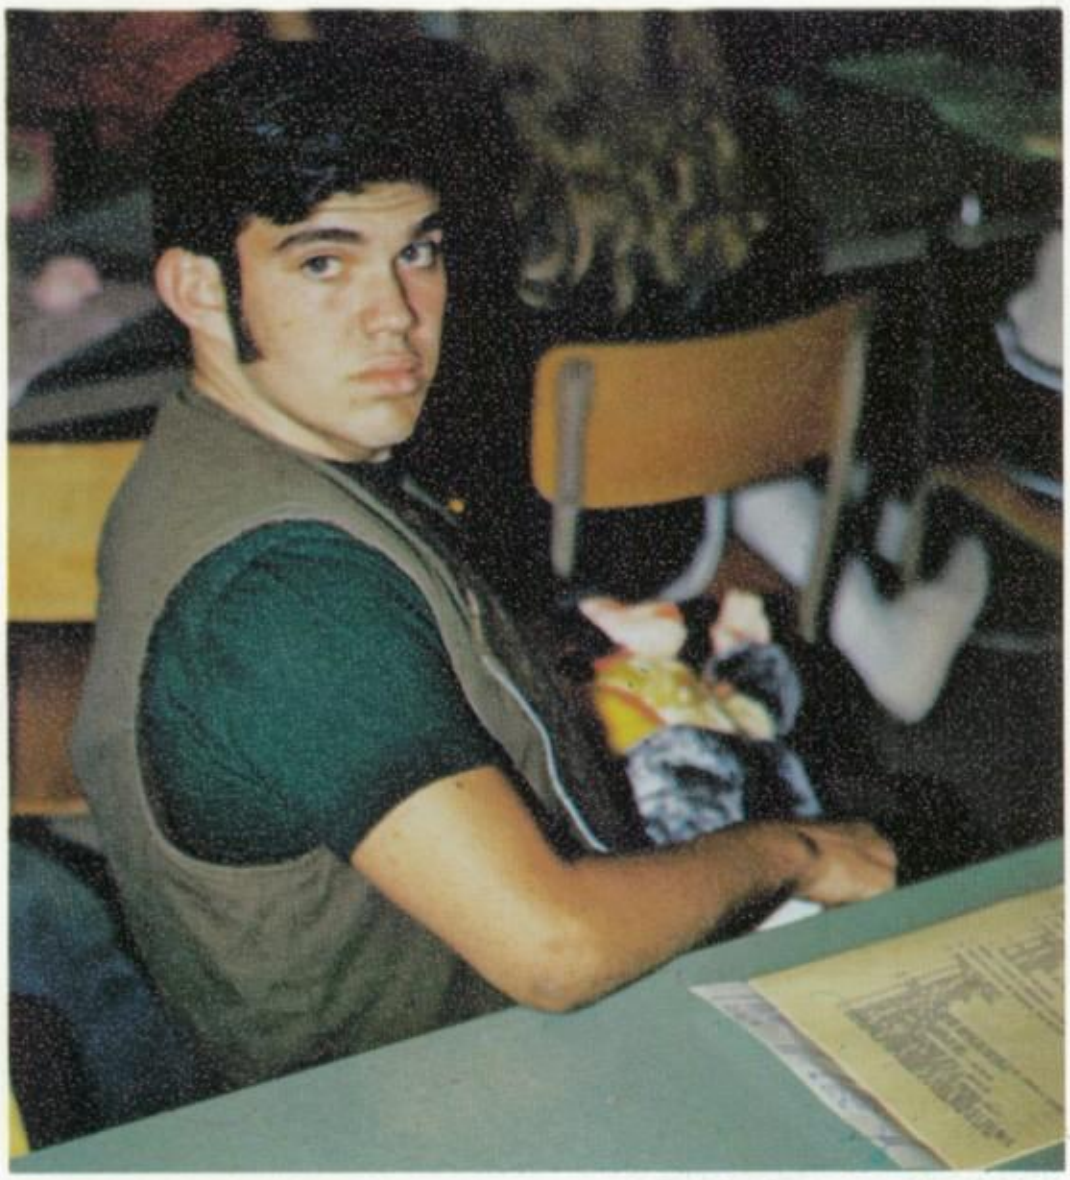
A Perfect Week!

The Homecoming Dance of 1970, sponsored by the Student Council, was the highlight of a spirited week of activities. PANTHER POWER, this year's theme, was depicted by a huge football hung in the center of the gymnasium. The throne was accented by goal posts and a winning scoreboard. This finished setting was the product of hours of work by the Council members on Friday night.

Finally, the long-awaited moment arrived. Cecilia Gomes, while surrounded by her court, was crowned Homecoming Queen by co-captains, Roger Martucci and Jim Fulton. The flower girl was Mandy Metcalf and Michael Stover was the crownbearer.

The alumni, the teachers, and the students danced to the music of "The Seneca Trail Spring." This dance and the week's festivities leading to this successful end will long be remembered even though the last notes have faded.

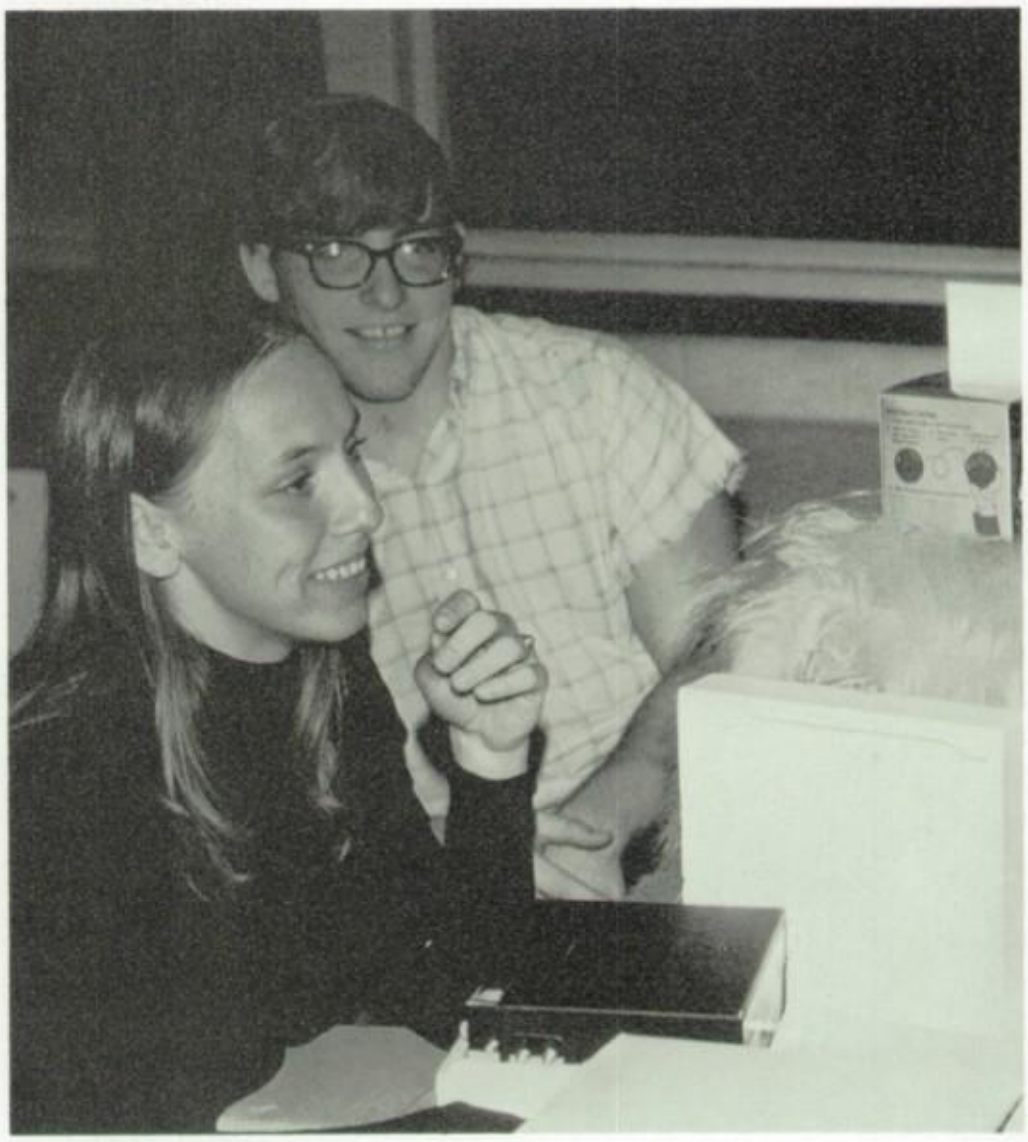
And The Curtain Came Up!!



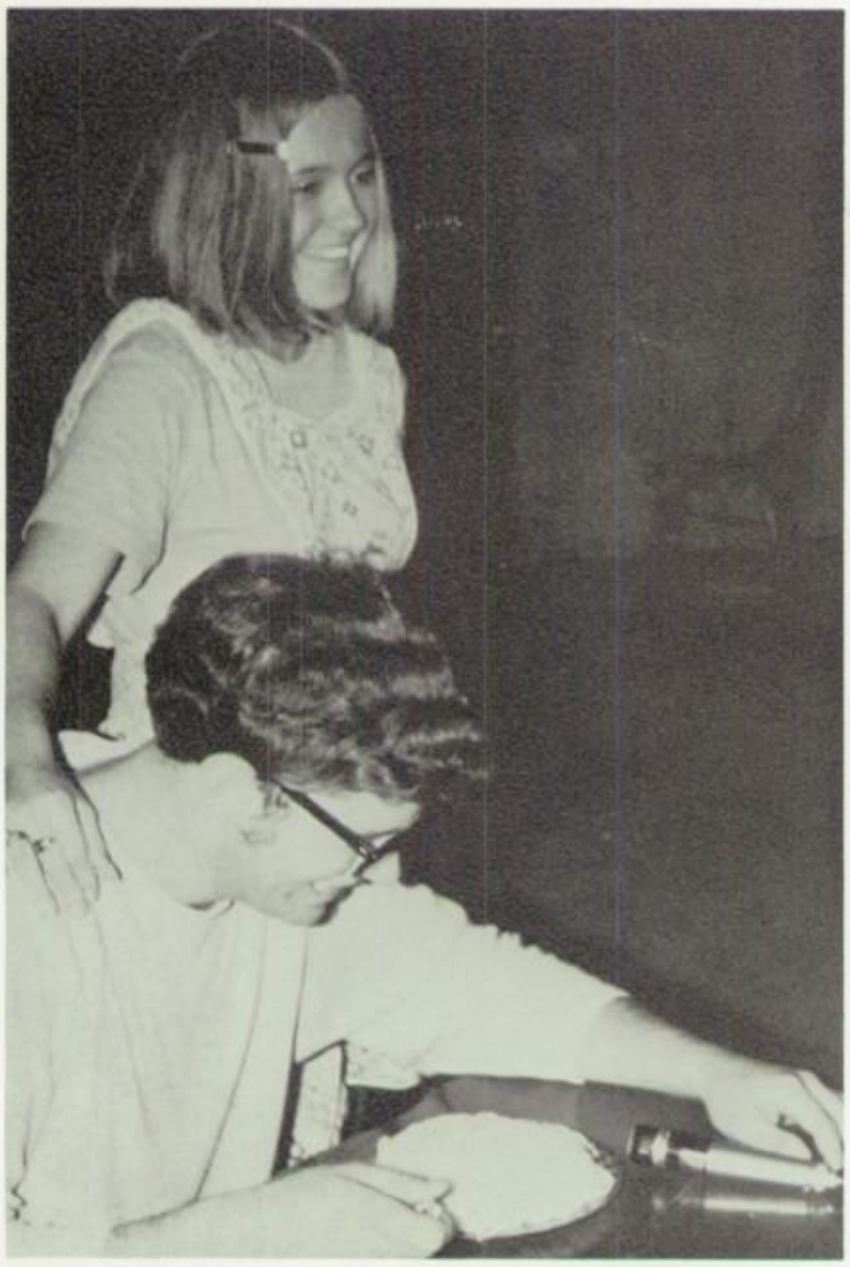
Cries of delight, mirth, and even anguish could be heard throughout the auditorium. The Seniors were going mad. A single spotlight came on—highlighting Gypsy Rose McEllee. Is this a Senior Night or is this a Senior Night! Then, there were the riddles. What a reward for hard-working salespeople! Following ninety minutes of basketball and crab soccer in the gym, this mass hysteria in the auditorium was the second event on the Senior Night agenda. After the entertainment had reached its climax and then died out, the members of the Class of '71 adjourned to the cafeteria for snacks, awards and balloons. Some of us managed to leave sane, but the less stable were "marked for life".

So . . . is it a crime to love your monkey?

Say, Earl . . .

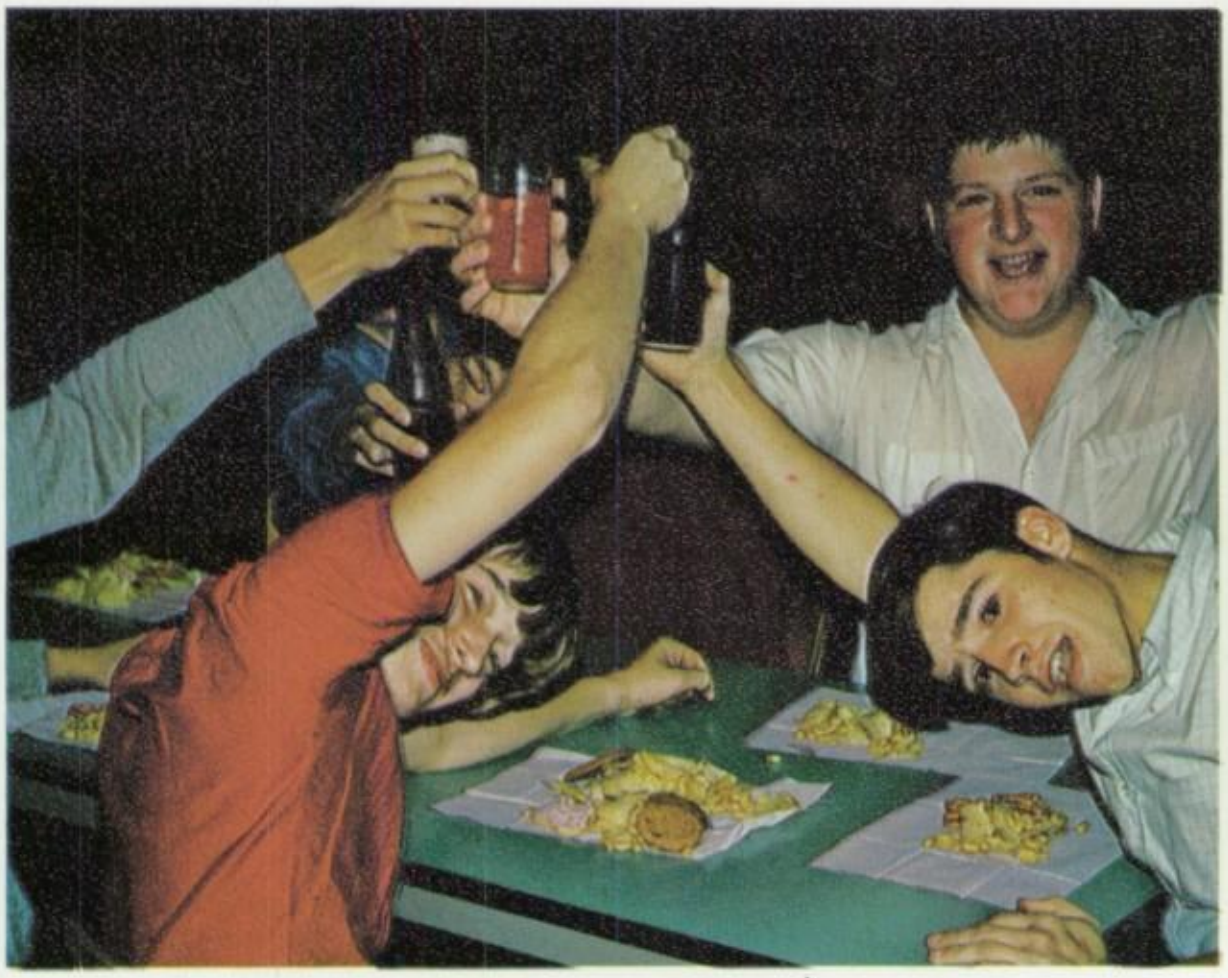


All I wanted was a Zodiac Ball.



Meci, Mici, Meatball

I'm not angry, I'm just determined.



Gypsy Rose McEllee takes it all off! (almost)

Board of Education

The governing body of the Keystone School District is the Board of Education. These nine people are responsible for the smooth operation of the school district and maintaining the high standards of education that have long exemplified Keystone Schools.

One of the most important topics the Board has acted upon is that of the new elementary building. Final plans for the building, designed to provide educational and recreational facilities for all elementary students in the Keystone District, were approved last fall. The building was designed by Robert T. Scheeren, A.I.A., of Indiana, Pennsylvania; and bids were awarded in early March. The general contractor for the project will be L-D Building Company of Latrobe, Pennsylvania, with a contract totaling approximately $3,022,000.

Groundbreaking ceremonies are expected to take place during the second week of May, 1971, with occupancy tentatively scheduled for January, 1973.

Besides handling such important business as the new building, these individuals handle other matters such as professional and non-professional negotiations, the annual budget, and the hiring of school personnel.

SUPERINTENDENT OF SCHOOLS

The books we read, the games we play, the thoughts we think, and the words we say lay the foundation for our education which prepares us for the future that begins tomorrow.

MESSAGE TO THE SENIOR CLASS

Congratulations and good wishes go to each of you upon completion of your high school work and the commencement of new activities. This beautiful book will perpetuate memories of happy days of work and inspiration.

You have learned to value highly our personal freedom in a democratic society. For your own good and the welfare of your nation, dedicate that freedom to sound citizenship rather than to irresponsible license. Your education has sought to develop in you initiative and an appreciation for justice, morality, and truth. It has supplied practical intellectual tools with which you may serve God and your fellow man.

Knowledge without goodness is dangerous, and goodness without knowledge is useless. May your future be blessed with knowledge and tempered by goodness.

Senior Awards

OUTSTANDING TEENAGERS OF AMERICA is an annual awards program designed to recognize and commend America's finest young people. In every high school in the country there are students whose actions and efforts bear the mark of excellence, and whose services to their schools and communities is exceptional.

To achieve these goals of recognition and commendation, the Outstanding Teenagers of America program was originated.

To become eligible for these awards, the student must first be nominated by his high school principal with the help and advice of a faculty committee. Criteria for selection include leadership ability, unusual talents, academic achievement, and community service. The nominee is then eligible for state and national competition.

The senior nominees selected from Keystone High School are Kim Kesner and Bonnie Taylor.

NATIONAL MERIT SCHOLARSHIP TOP SCORERS

Each year in February, the National Merit Corporation of Evanston, Illinois, sponsors its National Merit Scholarship Qualifying Test to all top students of the junior classes of the nation's high schools.

This battery of four tests consists of questions dealing with English usage, math usage, social studies and natural sciences, reading, and word usage. It is administered by the Guidance Department of Keystone High School under the supervision of Mr. James Lines, GUIDANCE DIRECTOR.

Scores of the participants are then ranked and a *selection score* is set for each of the fifty states. Students achieving high scores are eligible for any or all of the scholarships that the National Merit Corporation offers.

Top students this year were Richard Elliott, center, with a finalist ranking, the highest ranking to be achieved. Pictured with Dick are Kim Kesner and Michael Banner who achieved commended ratings. Good work gentlemen.

The Mostess''

STAGE CREW
Row 1: Vicki Kline, Jane Reed, Carol Rupp, Maribeth Metcalf, Crystal Graham. Row 2: Pete Boles, Ed Brown, Marc Couch, Mike Berkery.

The curtain rises, the audience hushes, and the hysterics begin. Tell me it's impossible for ghosts to live in a brand new cookie factory, rebuilt on the site of a Revolutionary War farmhouse. Tell me that a fifty year old woman, with an all-too-sensible streak in her, would never believe in ghosts. Tell me ghosts only scare people and don't fall in and out of love with mortals. Tell me all this and I won't believe a word of it. I've seen "The Ghostess With The Mostess", a three act play by David Rodgers. After seeing such lovable ghosts glide across the stage you want to believe in ghosts.

This play was performed after many long hours of work by the cast, crew, Miss Wilshire: DIRECTOR, and Mrs. Shpakoff: ASSISTANT DIRECTOR.

Society

The highest academic honor that a high school student can receive is membership in the National Honor Society. This nationally acclaimed organization requires excellent records in scholarship, service, leadership, and character. Last year this very respected honor was bestowed upon fifteen students.

Through the sale of Autumn Leaf Festival charms and a Christmas card delivery service within the high school, the National Honor Society raises money to buy pins for the senior members. These pins are a life-time reminder of the great accomplishment.

Future Teachers Of America

The Keystone Chapter of the Future Teachers of America, one of the oldest clubs at Keystone, has its members participating in many rewarding activities. "Slave Day" is a profitable as well as an enjoyable activity. The selling of stationery in the spring provides money for sending delegates to Harrisburg for the annual convention. The club also sponsors a teachers' breakfast each April to show appreciation for their services.

Through the cadet teaching program in the elementary schools in the district and through discussions with the student teachers, the members receive an insight into what the teaching profession is like. These experiences help the members decide whether they would like to make teaching their career.

This year our Chapter was host to members of the Clarion Chapter of the Future Teachers of America, who came to observe classes at Keystone. The juniors and seniors of our club went to another school for a day of observation in the spring.

The Future Teachers of America had its beginning in 1937 under the leadership of the National Education Association. The Keystone Chapter, in existence since 1957, helps to create an interest in the teaching profession and helps these students in the furthering of education.

Whenever the clubs meet during the Wednesday activity periods, certain girls can always be seen in the gymnasium. They might be having a business meeting or they could be playing basketball, volleyball, or working out on the trampoline and parallel bars. These girls belong to the Girls' Athletic Association.

At each home basketball game, a cake, which is contributed by one of the members, is given to the lucky person holding the winning number. Through this raffle, the G.A.A. raises money to help the sophomore members buy their jackets.

Other activities of the organization include refereeing the girls' intramural games, the annual slumber party in March, and a G.A.A.-Varsity "K" night in which members participate in many different sports.

Looks At The News!"

Through the publication of the *Panthers Roar,* the Newspaper Staff keeps the student body informed of various activities within the school and about world points of interest.

Before an issue of our *Panthers Roar* is placed in the hands of its readers, many steps must be followed and completed. First, the editors decide what articles and features are going to be needed for the next month's issue. Assignments are then given to the reporters who dig up the facts and write the articles. The approved copy is then typed, put on layout sheets, and then retyped on stencils. The stencils are then run off, sorted, stapled, and made ready for distribution.

The business of making a paper is a continuing process. And even though one issue has been put to bed, another is already in the making.

"Attention 1,2!"

MARCHING BAND—This year the Keystone High School Marching Band welcomed a new director, Mr. Ronald E. Allaman. Thanks to his enthusiastic efforts and the cooperation of the band members, the active half time shows received many compliments. The band participated in the Harrisburg Inaugural, Autumn Leaf Festival, Horse Thief and Homecoming Parades.

The 1970 Marching Band consists of one drum majorette, two banner carriers, ten colorguards, eight majorettes, and seventy-seven musicians.

The band looked forward to the coming football season by vigorously practicing four hours every day two weeks before school started, not to mention the night practices after school.

Due to inclement weather and poor field conditions, the band was not able to march at all half time shows, but they were there to cheer our "great" football team on to a winning season.

Field directors: Karlene Heeter and Mr. Allaman.

"Soul Step"

This year our nine majorettes worked closely with the Marching Band to help present enjoyable half-time shows. These girls, chosen at try-outs last spring, practiced during the summer and after school started. Last summer, eight majorettes attended twirling camp at Grove City College. There they learned new twirling routines with modern music.

Also this summer, the girls held a car wash and hoagie sale to raise money for "flashy" new uniforms.

Another highlight was the new position of drum majorette, which was added to the band this fall. Our drum majorette worked with our band director and together they gave our band that added "oomph", which was needed to produce more spectacular half-time shows.

Top to Bottom—Crystal Myers, Kim Harkless, Roxanne Best, Vicky Benn, Peg Hahn, Rita Etzel, Beth Graff, Karen Gruber (head majorette), Linda McClune.

Concert Band consists of 93 members under the capable direction of Mr. Ronald E. Allaman. Mr. Allaman has helped to preserve the high quality of music education at Keystone High School.

In February, after many hours of practicing and rehearsing, the band members presented arrangements of both contemporary and classical compositions in a combined concert with the Choral Department.

County Band, which was held at Clarion High School on November 20 - 21, received 18 members of our band. Four members were selected to attend District Band at West Middlesex High School on February 18, 19, and 20.

These students portray the achievements that can be obtained through dedication and practice. Besides the education received, these students also provide entertainment through music for many.

Varsity Football

The year of the Panther started on August 18 with the daily workouts of senior high boys for the game called football.

Although the first three games were frustrating, the "Cats" came back with their game against the East Brady Bulldogs with a score of 54-6.

To end a super season, the Panthers made three "firsts" in the 11 year history of Keystone Football. The Panthers beat Union, had a four game winning streak, and had a winning season for the first time ever.

What Spirit! What a team!! What a season!!!

Junior Varsity Football

The Junior Varsity Football Panthers wound up their 1970 season with pride for they owned a record of four wins, one tie, and one loss. This high-spirited team, composed of juniors and sophomores, were regular members of the varsity squad.

Through this participation, these underclassmen gained invaluable experience for future varsity competition. Under the tutelage of Coach Meyers and Coach Bevevino, these athletes showed us what to expect in future Keystone gridiron battles. We are proud of you "Cats"!

Acknowledgment

We, the staff of the 1971 Keystone Key do thankfully acknowledge the patrons listed herein. Their generosity has afforded us the opportunity to capture the events of the past year and embody them in this book. We faithfully hope the citizens of this community will support and recognize these business establishments and civic organizations. We also owe a debt of gratitude to our faculty and administration, for without their support the completion of this project would not have been possible. But perhaps most of all, we are indebted to Mr. Aaron, our helpful and hard-working advisor. Without his self-sacrifice and dedication our efforts could not have been successful in molding a permanent record for our last year at Keystone High School.

The Editors

A Special Thank You

Beginning in September 1970 and continuing through May of 1971 a group of devoted young people worked on a project which should prove to be one of the most valuable experiences of their high school years. I am speaking, of course, of the 1971 Keystone Key and its producers, the senior class of 1971. I wish to extend my thanks to this group for their co-operation in this production. To the staff of the Key, the editors, writers, typists, and advertisers I extend my special thanks. To a few people on the staff who remained loyal to "the cause" until the very end my VERY SPECIAL THANKS. It is this type of loyalty that makes it all worthwhile for an advisor.

Your Advisor,

A. Aaron

Farewell

As we have worked to assemble this yearbook we have been exposed to many different facets of Keystone life. We hope that we have been successful in showing you some of the memories we will cherish in the years to come. This book has been our life for many months, and as we give it up for your approval we do so with the confidence that you will share our pride and sense of achievement. We ask that you care for this object of our love with the reverence and tenderness that it deserves.
